Justin Raymond S. Eloriaga

Economist, International Monetary Fund – Shanghai Center

jeloriaga@imf.org | justineloriaga.com | LinkedIn | JustinEloriaga | @JustinEloriaga

EMPLOYMENT

Economist, International Monetary Fund – Shanghai Center (国际货币基金组织上海中心) — July 2026–present
Visiting Instructor, Department of Data and Decision Sciences (𝔻Sci), Emory University — January 2026–July 2026
Assistant Professorial Lecturer, School of Economics, De La Salle University — June 2019–December 2025
Central Bank Associate, Bangko Sentral ng Pilipinas — June 2020–August 2021
Data Analytics Specialist, Bangko Sentral ng Pilipinas — June 2019–June 2020

EDUCATION

Emory University, Department of Economics
Ph.D. in Economics — May 2026
Dissertation: Narrative Identification of Vector Autoregressions.
Committee: Prof. Juan Rubio-Ramírez (Chair), Prof. Tao Zha, Prof. Daniel Waggoner, Prof. Elena Pesavento, Prof. Caroline Fohlin
M.A. in Economics — August 2025

De La Salle University, School of Economics
M.Sc. in Economics — May 2019
B.Sc. (*summa cum laude*) in Applied Economics — May 2017

RESEARCH INTERESTS

Monetary Economics | Bayesian Econometrics | Time Series Econometrics

WORKING PAPERS

The Fed Information Effect, Episode by Episode. **Under Review**

Room to Respond. **Under Review**

Gold's Grip: How the Fed Broke the Link (with Caroline Fohlin).

Narratives, Not Hard Restrictions: Identifying Oil-Market and Monetary Policy Shocks (with Ana María Herrera and Elena Pesavento).

Structural Oil Shocks Across Asia (with Zeqin Hou and Jiarui Li).

Trade Disruptions and Monetary Policy in Asia (with Qing Peng).

Revisiting the Housing Channel of Monetary Policy: A Narrative Sign Restriction Approach.

Dissecting the Intersectoral Reallocation Effects in Industry-Level Labor Productivities in the Philippines: Are the Effects in the Right Direction? (with Jesus Dumagan). **Under Review**

Does TAP Have Your Back? An Impact Evaluation of an Organized Peer Tutorial Program. **Under Review**

Agnostic Identification in Panel VARs (with Kim Huynh and David Jacho-Chávez). **Under Review**

Praying for Rain: A Comment on "Rainfall and the Democratic Window of Opportunity" (with Kim Huynh and David Jacho-Chávez).

Measuring Sectoral "Minimum" Wages Based on Labor Productivities and Wage Shares in GDP (with Jesus Dumagan).

WORK IN PROGRESS

- Time-Varying Financial Feedbacks (with Juan Rubio-Ramírez)
- Inference Based on Panel Vector Autoregressions Identified with Sign and Zero Restrictions
- The Information Component of Chinese Economic Policy (with Qing Peng and Chang Ma)
- The Energy Bottleneck: AI-Driven Growth and Power Constraints in Emerging Asia (with Juhee Kim and Jung Jae Kim)

- Uncertainty Spillovers of U.S. Monetary Policy (with Alessia Scudiero)
- Remittance Shocks, Insurance, and Overborrowing (with Jafet Baca)
- Bad Tails, Bad Times (with Dmitry Malakhov)
- Exchange Traded Funds and Market Volatility (with Jung Jae Kim)
